

AMERICAN INTEGRITY'S PREMIER INSURANCE PRODUCT EARNS A 5-STAR RATING!

"The high value home program that is offered with American Integrity is excellent. As I worked with a recent Client of ours and looking at his upcoming renewal that was coming in at \$12,000 for the year with an excess and surplus line, I quoted American Integrity. The system is extremely easy to use and the underwriter I worked with was efficient and the response time was immediate. We were able to save the Client \$3,000 in premium and provide a much broader coverage. I am very happy with the Premier Home product and look forward to using it and American Integrity again."
